

Flexible. At every step. SUREPLAY® Sprint 150

SUREPLAY® Sprint is perfectly fit for athletics in school sports.

The surface system can be classified IAAF-conformably. This SUREPLAY® sports surface is a jointless, water-permeable all-weather outdoor-surface. For processing we use a highly elastic and durable PU-coating with interspersed, fully dyed EPDM granules.

SUREPLAY® Sprint 150 is laid water-permeable with a PU-bound foundation layer and a grainy, rough surface of structural spray coating.

According to specifications the base layer of SBR recycling granules varies in set-up height from 10 to 25 mm, the wear layer to a maximum of 3 mm.

The environmental impact assessment has been carried out and certified according to DIN V 18035-6. The surface system has antislip properties according to the German DIN V 18035-6.

Set-up height:	max. 28 mm
Base layer:	max. 25 mm SBR recycling granules
Wear layer:	3 mm structural spray coating
Standards:	DIN V 18035-6

Meets DIN V 18035-6

Slip resistant

Environmentally compatible

Hygienic

Weather resistant
